Scallop derived from the Old French Escalope which means shell Perhaps the most sought after of all shellfish, scallops are fantastic eating!

Combine cruising in the stunning Queen Charlotte Sound with the opportunity to catch your own scallops each day. This cruise will focus on the bounty of the sea. Your method of daily scallop harvesting will be by dredge*. If time allows we will also spend time casting a rod and trying our luck at catching blue cod, grouper or other species in the waters of this pristine area.

There's nothing like eating fresh seafood caught by your own hands!

** A daily limit of 50 scallops is allowed for all those participating in scallop dredging.
We will enjoy some of our scallops prepared fresh from the sea on board.
The remainder of your daily scallop catch will be bagged to enable you to take your shellfish home.*
